Classes Reopen This Week At Albany Pool

Due to the annual "face-lifting" job required at the Albany Pool, Portland and Pomona Avenues, the Swimming and Lifesaving classes are starting this week, and are open to the enrollment of those residing in or out of Albany. A flexible program in Swimming instruction and a special Lifesaving class are both scheduled for the winter quarter.

The Swimming classes will be held on Monday and Wednesday evenings, and those enrolled may attend on either a once or twice-a-week basis. From 6:30 to 8:30 there will be three levels of instruction — beginning, beginning-intermediate and advanced-intermediate, with each level under a separate teacher. From 8:30 to 9:30 there will be two levels of instruction — beginning and beginning-intermediate, with two instructors.

The Lifesaving class is open to any student who is a strong swimmer, is 18 years of age or older, and is thoroughly familiar with the three basic strokes: crawl, side and breast stroke. This class is scheduled for Monday and Wednesday evenings, 7:30 to 9:30, for seven weeks, which will apply provide for the basic requirements for the American National Red Cross Lifesaving certificate.

El Cerrito Rotary In Joint Meeting With Local Lions

The El Cerrito Rotary Club will be host to the El Cerrito Lions this Thursday noon at the club house, Potrero and Kearney Streets. Kay Fretland is president of the Rotary group.

The luncheon program will consist of an address by Dr. Donald Hull of the California Research Corporation, speaking on "Radio-active Tracers in the Petroleum Industry." This development is the culmination of some 35 years of scientific progress leading to a faster and less costly method in the search for petroleum.

Chamber Chatter

By IRENE GROVE

"We get better results if we get together." . . . this caption for a cartoon of a baseball pitcher and catcher applies to a Chamber of Commerce and to a city. But the picture should not only include the pitcher and catcher but the whole team working together to really get results.

A perfect example of the accomplishment through cooperation was demonstrated when your Chamber of Commerce manager and the Chairman of the Waterfront Development Committee, Eddie West, joined the special group of Berkeley city and chamber officials, legislators and representatives of major business firms, on their special mission to the meeting of the Small Craft Harbor Commission in Fresno, Monday. The cause was to appeal for funds to begin construction on Berkeley's proposed new yacht harbor. The cause seemed hopeless due to the lack of funds and other projects having top priority but the commission was so impressed by the show of teamwork and pulling together of all those representative factions present and the demonstration of community spirit, that a resolution was passed to assure Berkeley first chance when funds are available . . . a step toward the accomplishment of the seemingly impossible.

Why is this important to Albany and why were representatives of your chamber and of the Oakland Chamber present? Assistance in a small way to our

neighboring city in realizing this development means one step further in the development of Albany's future in its own proposed waterfront development . . . here is your opportunity . . . Chief Ralph Jensen will speak on this subject at the Chamber's monthly membership luncheon, Thursday, January 19, 12 noon at the Pizetta, 523 San Pablo . . . You are invited, so give us a call for reservations.

Calendar reminders: January 20, special cancer film at Marin School . . . January 25, March of Dimes Fashion Show . . . January 23, deadline for Jaycee DSA nominations . . . January 28, Jaycee DSA Dinner . . . January 28, March of Dimes Basketball Game and Dance.

Albany businesses which believe in progress by teamwork through your Albany Chamber of Commerce and have made their 1961 reinvestment in Albany's future are: Albany Hospital, Albany Pharmacy, Albany Times, Albany Tire Service, American Florist, East Bay Auto Supply, East Bay Chevrolet, Foley and Saler, Mason and McDuffie Co., Metals Disintegrating, Golden Gate Fields, Park and Shop Market, Pres-T-Logs, Tri-City Electric, Viking Forge and Steel, and Zinman's.

Dimes March Record Hop at Albany High

Saturday, January 21, is the date set by the Berkeley Student Workshop for their big March of Dimes Record Hop. The theme of the record hop is "Beatniks Paradise", which will be held in the Albany High School Auditorium at 8 p.m. Dress for the occasion will be strictly beat; thongs, jeans, sweaters, tight, etc., will be the accepted dress. Prizes will be given for the beatest dressers. The M.C. of the hop will be a TV personality who comes to us from a local TV program in San Francisco, called "Dance Party". Entertainment is being provided by a group called the Covettes, from Alameda.

Also planned for January 25 is the Annual March of Dimes Fashion Show. This year the Fashion Show will be quite different as you can tell by the theme, which is "Men's Holiday in Fashion". The Berkeley Student Workshop will present the models and fashions, plus provide entertainment during intermission. This should be quite an affair.

Workshop member Mary Joseph, who is President of TAP's (Teens Again Polio) says, "Half of the profits from the hop will be given to the March of Dimes, while the other half will help finance the upcoming Workshop Benefit Show."

The Workshop is a loosely knit organization of East Bay high school and college students who share a common interest in acting and drama. A relatively new group, they have so far restricted their activities to performances at Peluso's in Oakland, Presidio in San Francisco, and before various student groups in the Richmond area. "Our activities in behalf of the March of Dimes," says Workshop Director Paul Mooney Gladney, "are our first tries at putting on our own shows." Mooney also said that the Workshop is planning a benefit show which has been mentioned before, and will be held February 11, in Albany.

Refresher Study In Arithmetic

For those interested in a review of elementary arithmetic, a new course in this field is being offered this winter at the Albany Adult Center, 603 Key Route Blvd., for adults residing in or out of Albany. The course, Arithmetic-Refresher, which is taught by Mrs. Miriam Vedder, an employee of Berkeley's Radiation Laboratory, will be held from 7 to 9:30 on Monday evenings, and will cover a thorough review of elementary arithmetic, including fractions, long division, and percentages.

William I. Garren Protests Terms of New Proposed Zoning Ordinance for Albany

January 13, 1961
To the Editor of
The Albany Times,
From: William I. Garren, Architect, Property Owner and Owner of the Albany Theatre.

Gentlemen:
Your article in the January 11th edition headed "Albany Zoning Given Good Reception" and as probably related to you by others, is not entirely true and as stated, is unfair to the citizens of Albany; giving the impression that such was the case.

The "Ordinance" was not reviewed by a "Full House", there being in all about 30 property owners or properties represented by about 50 people and further; the Ordinance was not "Enthusiastically Received". The Ordinance was seriously challenged by those present.

Several persons owning residential property in Single Family "R-1" Zones questioned the Chairman of the Board, objecting to Zone changes being made down the "Center of Streets" rather than the changes being made at the "Rear Yard Lines" as had been promised. Except in wide Boulevard and well screened areas it is generally considered bad practice to change conflicting zones in the middle of streets.

In answering most of these objections, the Chairman of the Board stated "these changes are necessary or they already exist." If the statement were correct the answer then; one wonders why the zone changes are necessary. These points were not cleared up; the objections and questions relating to Residence Zones lasted after 10 p.m.

There were no changes in Industrial Zones, or Recreation Zones and no objections to these or a proposed Professional Zone at the North Central Area of Town and a proposed Business Zone fringing the Albany Hill north along the El Cerrito and Freeway area, adjacent to the Richmond Annex Industrial Area.

After 10 p.m. the Proposed "Commercial Expansion Zone" was presented as "C.E." This the chairman explained, would allow all businesses on San Pablo Avenue to build back into the East side of Adams Street and to the West side of Kains Street the entire length of the town; there would be a 15 foot setback and the businesses would be under a "Use Control Ordinance".

Mr. Garren raised serious objections to this change stating such a change was not good planning and further that there were no restrictions on the uses, no side-line limitations or area limitations, and no Architectural controls and that the law would allow such future abuses that enforcement would become unworkable.

Except for the General Change Classifications there was nothing "In Writing" presented to the persons or property owners present and however; the Board members gave the impression that they were thinking along these lines and all would come out somehow satisfactory.

An item of greatest significance was that: Apartment Houses or Multiple Dwellings were to be excluded from the East side of Adams and West side of Kains Street; this latter came as a casual surprise statement by the chairman. Mr. Blank rose immediately to say that this would deny all property owners in these two areas of the rights "to build or after a fire to rebuild apartment buildings and if they could not build, would place them at the mercy of San Pablo Avenue property owners." Mr. Garren also objected strenuously to this item. Due to the lateness of the hour the meeting was adjourned.

It was apparent from the deliberations that the Zoning Board was unversed and did not understand most of the technical problems involved and that they were proceeding without expert "Architectural, Planning and Legal" guidance which should be a first and vital requirements; they were unmoved by the suggestion that they would saddle the City with a very destructive piece of Zone Change. There was no evidence of any "Experience Study" of other cities where this type of "lack of Correct Zoning has applied."

Respectfully,
William I. Garren, Licensed Architect; Owner of The Albany Theatre; formerly member of the A.L.A.; former member of the "Albany Zoning Board"; formerly a Director of the California Roadside Council; formerly an advisor to the Mason McDuffie Co., supervising St. Francis Wood.

Albany High PTA Plans Drop-in Tea Tuesday, Jan. 24

Albany High PTA is inviting all women to an unusual Tea in the school cafeteria, Tuesday, January 24, between 1:30 and 4 p.m. The "ticket" for this drop-in social function will be a hat (or hats) to be donated to the "Chapeau Boutique" at its February 4 "Book Fair With a French Flair". Cast-off jewelry and odds and ends for the "Flea Market" also will be most welcome. The invitation is being issued to "girls" of ALL ages from little ones to great-grandmothers, because the Fair and its concessions is planned for all ages to enjoy.

The Bonnet Tea is timed so that students and teachers may come downstairs to participate after school is over at 2:55 p.m. Decorations will be clever paper hats and a hat tree for the Tea Table's centerpiece created by Mrs. Robert McFadden and Mrs. Austin Angell Jr., the hat booth's co-chairmen. They have made only one request and that is, that the hats please be wrapped in tissue, plastic bags or some other form of dust cover to protect them while they are stored before being refurbished for sale.

In addition to the two chairmen, PTA president, Mrs. William Koser, Mrs. Albert Kister and Mrs. Carl Fosselius are assisting with the refreshments and arrangements.

QUIET MEETING AT ALBANY COUNCIL

With a long agenda that gave promise of extending well toward midnight the Albany City Council went through the list at top speed and with few arguments Monday night to adjourn shortly after 9 o'clock.

Only toward the close when a long letter to the Council from former Mayor Jerome Blank was read and ordered filed. The letter was in reply to statements by Mayor Zahn in which she took full credit for numerous accomplishments during her administration which she declared were for the benefit of Albany. The letter reported in some detail on the matters involved, and intimated that the Mayor's statements were not strictly in accordance with the facts.

After the reading of the Blank letter by City Clerk Myrtle J. McLean, the Mayor hesitated, then suggested to the Council that a motion to adjourn would be in order. It was so moved and the Council adjourned.

Mrs. Zahn announced she had received a letter from Chancellor Glenn T. Seaborg of the University of California, in which he stated he had forwarded to the president of the University a specific request that action be taken relative to the question of the extension of Marin Avenue. Councilman Howell then asked if she had learned whether the U. C. Chancellor was favorable to Albany's request, to which the Mayor replied, "I do not ask any questions."

The Mayor also announced she had received a letter from John M. Peirce, general manager of the San Francisco Bay Rapid Transit District, confirming that she would be given an opportunity to be heard at the District's meeting at 10 a. m., Thursday, January 26.

A report was read from Deputy Health Officer L. Raynor Talley, on rodent control activities on the 800 block of San Carlos Avenue. The matter had arisen over a report from Leo DeMeo, 836 San Carlos Avenue, that there appeared to be a great influx of rats in that area. Talley reported the rat infestation apparently followed work on the sewers, and that he had inspected all the homes in the 800 block. Proper action had been taken, he said, to abate the nuisance. The matter was referred back to the health department.

An extension of the agreement with the City of Berkeley for the care of Albany prisoners, was approved. This agreement has been in effect since the Albany City Jail was condemned more than a year ago.

Extension of the Albany-Berkeley agreement over disposal of rubbish, in effect since closing of the local dump, was ordered held over one week at the request of Councilman Boychik who said he wished to report on some studies he had made of the matter.

Dr. Jack L. Stein To Speak Before High 12 Club

Dr. Jack L. Stein, a former resident of Albany and its first health officer, will be the speaker at the luncheon meeting of the Albany High Twelve Club this Friday noon. Dr. Stein's subject will be pictures from "The Countries Down Under — Australia and New Zealand." Louis L. Stein Jr. will be chairman of the day, while Club President George H. Irwin, will preside.

Members of the Masonic Fraternity are welcome to attend these weekly luncheons, which are held at the Red Barn Restaurant on upper Solano Avenue.

Robert E. Luoma Heads Democrats

Robert E. Luoma, candidate for the city council in last year's city election, is the new president of the Albany Democratic Club. Luoma, 36, resides at 634 Cornell Avenue. Other officers are: John A. Zoro, retiring president, is the new first vice-president; Charles Kept, second vice-president; Ellen Mendel, secretary, and Carl McWilliams, treasurer.

Chapel to Head Heart Fund Drive in Alameda Co.

John K. Chapel, well-known news analyst and speaker, will be Chairman of the 1961 Heart Fund campaign for Alameda County, Dr. Clarence A. Poor, president of the Alameda County Heart Association announced today.

The fund-raising campaign will reach its high point on Heart Sunday, February 26, when thousands of volunteers in all of the county's residential communities will call on their neighbors for contributions to fight heart disease.

In accepting the appointment, the new campaign chairman pointed out that local Heart Fund contributions make possible the support of cardiovascular research in Alameda County, and aid scientists in clinics and university laboratories throughout the nation.

The Heart Fund, conducted in all states of the nation during the month of February, will "kick-off" in Alameda County on February 2 when Mr. Chapel will be the main speaker at a Claremont Hotel luncheon.

In making the appointment, Dr. Poor commented that, "research has had top priority in the Heart Association's program and, in the past ten years the Alameda County Heart Association has been responsible for assisting some of the researchers who are now nationally recognized for their findings. Research conducted in many parts of the country has been responsible for great progress in saving hearts through new methods of diagnosis, treatment and prevention. Open heart surgery is just one of the modern miracles resulting from Heart Fund dollars. Heart Fund dollars additionally support broad programs of public and professional education and community service," said Dr. Poor.

Home Society Plans Card Party, Bazaar, in Spring

The annual holiday meeting of A.B.C. Chapter of the Children's Home Society convened at the home of Mrs. Verne Jones on Trinity Avenue in Kensington with the tradition carried on of each member bringing a gift for the babies in the care of the Home.

The Chapter has plans for its annual Spring Card Party and Bazaar well under way, under the direction of Mrs. Charles Himbert, ways and means chairman.

There will be several more workshop meetings to complete articles which were in such demand at previous bazaars and to introduce a few novelties which will have a special appeal to mothers of young children.

Proceeds from the affair will be devoted to carrying on the work of the Children's Home Society which is the oldest licensed adoption agency in California.

Badminton to Start On Wednesday Nights

Anyone interested in playing badminton is invited to join with other badminton enthusiasts on Wednesday nights from 7:30 to 9:30 in the old Garfield gymnasium located on the northwest portion of the Garfield School playground. Entrances are on Rose Street and Hopkins Street in Berkeley.

Players are asked to bring their own racquets and birds. Informal instruction is available from the more experienced players. For information about this activity call Clyde Utry, Landscape 4-2969 or contact the Berkeley Recreation and Parks Department office, 1835 Allston Way, TH 1-0200. Staff coordinator is Miss Jacqueline Watkins.

A SHIP'S CHARTER for Sea Scout Ship No. 7, was presented recently to Fred Bowley, center, Berkeley District Scout Commissioner, by Emmett Lloyd, second from the right, of the Albany-North Berkeley Kiwanis Club. Beside the Scout official on the left are Jim Bowley, left, and Ted Lyman. At far right is Dave Lyman.

Swim Program Gets Under Way This Saturday

The Albany YMCA instruction swimming program gets under way Saturday, January 21, at the Albany High School Pool, Portland and Pomona Avenues. Just to be able to swim is not quite enough for the "just being able to swim" swimmer is not aware of endurance or survival efforts when an accident occurs.

The YMCA swimming instruction program is directed toward instructing beginners in accomplishing water skills and gaining in confidence. In completing the beginners' requirements, which is swimming 100 feet, they are then advanced to low intermediate. Here they are further instructed in the American Crawl, elementary back stroke, back racing stroke, breast stroke and diving. To complete the middle intermediate more stress is given to the American Crawl, racing back stroke, breast stroke; side stroke is taught, surface diving, treading water and the ability to swim 220 yards. The high intermediate prepares the student for life saving and water safety in that all standard strokes are stressed for rhythm and endurance. The test requires a 440 yard swim, the

ability to jump or dive off the 3 meter board and dive from the 1 meter board, water survival through bobbing, treading and floating.

The student is then ready for life saving and water safety course which requires 22 to 25 hours of practice, theory and examination. Upon satisfactory completion the student is presented with a certificate from the National YMCA, American Red Cross, and has completed requirements for the Boy Scouts, and Girl Scouts.

Instructing will be Mrs. Leah Ruuska, Mike Sturman, Elmer F. Coble, Executive Secretary of the YMCA, and a group of trained swimming aids.

According to Coble, the students enrolled live in the communities of Kensington, El Cerrito, Richmond, Berkeley, and Oakland. Some have come to these instruction classes from as far away as Orinda, Lafayette and El Sobrante.

Enrollment is accepted at the Albany YMCA building or at the Albany pool Saturday morning.

Boy Scout Council Reports Net Gain of 221 Over 1959

Mr. Diablo Boy Scout Council ended the year, December 31, 1960, with a net growth of 221 registered over the previous year, and a gain of 1,596 more boys served during the year than in 1959, according to E. Morton Schaffran, Vice-President and Charter Review Committee Chairman.

"A tremendous enrollment during the month of December, with a net gain of more than 1,200 in that month alone, was evidence of an increased desire for boys to become Cubs, Scouts, or Explorers," Schaffran explained.

The December net total of 15,428 boys currently active in Albany, Berkeley, and Contra Costa County includes 8,402 Cub Scouts, 5,800 Boy Scouts, and 1,226 Explorers. There were 22,341 boys who belonged to the movement during 1960, and a total of 8,823 adults filling volunteer positions as leaders, committeemen, or commissioners. This latter total includes 1,418 Den Mothers in Cub Packs.

Jan. 31 Deadline For Filing By All Aliens in U.S.

Charles J. Beechle, District Director of the Immigration and Naturalization Service, said today aliens in Northern California and Nevada have only 10 days more in which to comply with the Federal law requiring that aliens report their address to the Government during January each year.

The Immigration official urged all aliens who have not yet complied to go as soon as possible to the nearest post office or Immigration Service office to file the report.

Parents or guardians must file the report for alien children under 14 years of age, or those incompetent, or under custodial care.

Beechle said the address report is required each year from all aliens except those in diplomatic status, foreign representatives assigned to the United Nations, and Mexican national contract laborers.

He pointed out willful failure to comply carries penalties including a fine and deportation.

Congressmen Propose U.S. Court for E. B.

Alameda County Congressmen George P. Miller and Jeffery Cohelan today joined in introducing legislation in the House of Representatives calling for the creation of a Federal District Court Division to serve the East Bay area.

Congressmen Cohelan and Miller state, "The new Court would be located in Oakland and will provide residents of Alameda and Contra Costa Counties with long

overdue federal court facilities.

"At the present time the nearest federal court is located in San Francisco. The result is that the processing of routine legal matters within the jurisdiction of the federal courts requires costly and inconvenient trips to and from San Francisco for East Bay litigants."

Congressmen Miller and Cohelan point out that Alameda County is one of only four counties in the United States with a population in excess of 700,000 which has no District Court Division for its people.

FIVE DROPS CAN SAVE A LIFE!

Oakland's Jeanette Voss runs a bird hospital. In one respect birds are much like people. The water they drink must be unquestionably pure.

Your EBMUD water qualifies. It's constantly being watched, tested, filtered. In fact, EBMUD is the only 100% filtered metropolitan water system west of the Mississippi.

The result? Pure, safe water that far exceeds standards set by U.S. Department of Health. Water that people (and birds) like to drink.

LITTLE MEAT LOAVES

1-lb. can tomatoes
1 lb. ground lean beef
1 Tablesp. grated onion
1 Teaspoon Worcestershire sauce
1 1/2 Teaspoon salt
1/4 Teaspoon pepper
2 slices fresh bread torn into crumbs
1/2 cup PET Instant (in dry form)
3 Tablesp. butter or margarine
1 Tablesp. flour
1 Teaspoon sugar

Drain and measure 1/2 cup juice from tomatoes. Let rest of juice and tomatoes stand until needed. Mix well in 1 1/2-qt. bowl the 1/2 cup tomato juice, beef, onion, 1/2 Teaspoon Worcestershire, 1 Teaspoon salt, pepper, bread and PET Instant. Divide meat mixture into 4 equal parts. With wet hands, shape each part into a small loaf. Put loaves into 9-in. square pan. Dot loaves with equal parts of 1 Tablesp. butter. Bake in 325 oven (low moderate) 30 to 35 min., or until brown. Meanwhile, melt 2 Tablesp. butter in a 1-qt. saucepan. Stir in flour until smooth. Add tomatoes and rest of juice, sugar, 1/2 Teaspoon salt and 1/2 Teaspoon Worcestershire. Bring sauce to boil. Then lower heat and cook 10 min., stirring now and then. Serve loaves with sauce and cooked broccoli. Makes 4 servings.

May Ellis Olson Tells of Visit To Historic Home of the Aztecs

(This is the first installment of a series of articles by May Ellis Olson in which she gives an interesting picture of Mexico City and the surrounding country where Cortez found and conquered the Aztecs, a comparatively civilized people according to early 16th century standards. Mrs. Olson tells of the historic buildings and monuments, but does not overlook the village markets and the homes of the common people who live today much as they did

hundreds of years ago. Mrs. Olson and her husband, Harold Olson, own the Ellis-Olson Mortuary in Albany.)

By MAY ELLIS OLSON

If large cities excite you, then the old capital of the Aztecs and capital of the new Mexico (Mexico City) is your glass of tequila, or cup of tea. Mexico City is a queen of Latin-American cities with a curious blend of glamour and grime; riches and poverty side by side, aware of each other

but not particularly interested. We arrived by air during the early morning hours in a climate like eternal Spring with a ringing in our ears as Mexico City's altitude is 7,347 feet above sea level. My imaginative picture of a Mexican resting against a tree with a sombrero over his eyes jumped up and ran away. The city was teeming with activity. Huge buildings and beautiful highways each crowded with the traffic of over four million residents.

From the top of the Latino-Americano Building, 44 stories of glass and steel and quite like our own Empire State Building, we viewed the city on all sides. The Paseo De La Reforma, an 8.1-mile boulevard, runs through the center of the main part of the city, then it turns slightly to become Avenida Juarez. About every 5 or 6 blocks, there is a glorieta (circle) in the center of the street containing a statue or a fountain.

Mexico City is a big town honeycombed of neighborhoods each blending with the other but retaining their own individual personality. We observed little shacks, built penthouse fashion, on the roofs of some of the tallest buildings. They were constructed of box wood, sheet iron or bricks. A pig, a couple of chickens and turkeys, along with little children, were running around the roofs. Plants were growing in a cutter of pots next to a line of washing; almost a small farm, high in the air. We were told these were homes of some of the poorer class. Often, they keep the stairs in the building swept in exchange for space or, are there because the owner of the building has a great sympathy for his people.

After gazing at the Sierra Madres Mountains, a backdrop for modern Mexico, we started by taxi for Chapultepec Castle located at the end of the Reforma. We rode through a beautiful park of ancient cedars, broad meadows and a quiet lake. The park was filled with people: barefooted Indians seated on the grass having lunch with their families; elegantly dressed equestrians on handsome horses; young girls and their boy-friends boating on

the lake. Overlooking the magnificent park is the fabulous castle of Chapultepec. In English, this means Grasshopper Hill. The castle is now a National Museum filled with many centuries accumulation of art objects. Here, for a short time, lived Emperor Maximilian and Carlotta. Their rooms

Pete Nigro Returns To Albany; Serving His Old Customers

An old friend has returned to the Albany business scene. Pete Nigro, after an absence of four years, is again serving customers at Pete's Meat Market at 863 San Pablo Avenue in the D

and S Market. Tom Doyle and Joe Sharpe, owners, are shown greeting him in the picture on the right.

Pete started to work at this same market when it was owned by Joe Villa, then he worked for George M. Dermott who owns the Pic 'N Pac Markets and most recently for Sid's Stores at the Ash-

by a Telegraph location. His many years of experience in the meat business started when as a youngster he learned the business from his father, who owned a grocery store with a meat department.

Mr. and Mrs. Nigro came to Albany 7 years ago from Billings, Montana. They live at 724 Spokane Avenue, Albany, with their

son, Gerald, who is a student at Albany High School. Another son, Eugene, and his family live at 1201 Evelyn Avenue. Mrs. Myles O'Bert of Albany is his sister.

Pete says, "It's great to be back at my old stamping ground and greeting old friends again."

Kiwanis To Hear Former U.C. Dean Of Architecture

The Kiwanis Club of Albany - North Berkeley will have Professor Raymond Jeans, Retired Dean of Architecture of the University of California, as its speaker at the regular luncheon January 19.

Professor Jeans will show the club his collection of paintings of

Famous European buildings and scenes that he has painted during his travels.

The club members are invited to bring their wives to this meeting to enjoy the pictures. Dr. Everett Coe will introduce the speaker. The meeting will be held at the Red Barn Restaurant in Berkeley.

SAFEGWAY HAMS ARE 'BEST' or your money back!

Here are the facts Mam...

In 1960, Safeway Stores launched a rather unique ham selling program. This program continues to be a Safeway exclusive enjoyed by thousands of Safeway customers. There are no secrets or involved double talk regarding Safeway hams. Safeway uses 100% Small-sized Eastern hams. These hams are given a slow mild cure by the Dubuque Packing Company. A slow, controlled smokehouse treatment brings out mouth-watering flavor and consistent tenderness.

Shanks are removed from each ham; shankless hams are cut in halves and each half VACUUM PACKED to "LOCK IN" all the goodness of freshly smoked flavor.

• Now Safeway offers **WHOLE SHANKLESS HAMS**... **VACUUM PACKED** as well as either full half at the same price!

CHOOSING A BANK

is in a way like choosing a wife — a doctor — a lawyer — a church. Next to these — yes — and sometimes even before — MONEY is closest to our hearts. And most of the time MONEY means a BANK. That is where we get it and that is where we put it. Because it has our money we feel that our bank is a part of us, and it really is. "Mechanics" enjoys this close relationship to a remarkable degree. It is noted for its loyal customers and, of course, there is a reason. If we are not acquainted, won't you come in? We will do our best to show you this reason.
